

# Air QUEEN

REAL BREATHABLE 숨쉬는 에어퀸

진짜 숨쉬니까 편안해요

## 진짜 숨쉬는 생리대

# Our Story

Air Queen is a South Korean line of feminine care products.

South Korea is known to have to have one of the safest feminine care practices in the world.

Having worked with companies including North, Lancome, and Kiehl's on advanced breathable innovations, we decided to use the same technology and create our own brand, Air Queen.

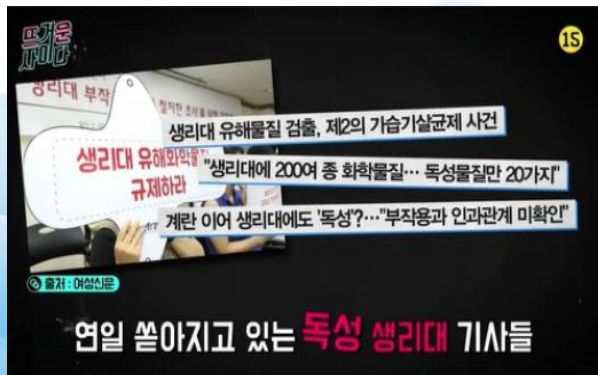

# Our Story

Back in 2017, women protested governments & large corporations because of the fact that the feminine care products on the market were using harmful chemicals that were causing negative side effects including skin irritations, rashes, and at times toxic shock syndrome.

Air Queen was created to provide a safe and more effective alternative. An alternative that provided users the leak protection they needed without worrying about the effects on their body or environment.

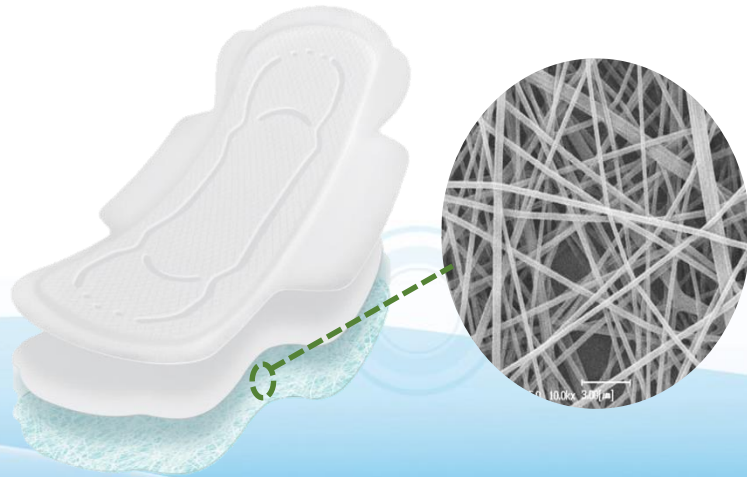

We ended up creating the world's most breathable, comfortable, and effective sanitary pads.

# Benefits

Our **Breathable Nano-Membrane** is a waterproof layer that provides 20,000x more breathability compared to conventional brands.

Breathability is a key feature to help maximize absorption rates and minimize bacteria growth which can cause skin irritations, discomfort, and unpleasant odors.

# Benefits

We use a **100% Pure Organic Cotton** (OCS 100 Certified) Cover Layer that is hypoallergenic, soft and made without the use of any hazardous materials!

# Benefits

Messy dresser or bathroom cabinet?  
No problem.

Clean and accessible carton design to  
ensure you stay tidy!

# Benefits

---

Busy morning and running late?  
No problem.

Our **portable resealable** packs fit perfectly in your purse!

# SKU's

**Medium** | 5pcs X 4packs

Moderate Flow | SRP \$18.99

**Large** | 5pcs X 4packs

Moderate to Heavy Flow | SRP \$19.99

**Panty-liner** | 20pcs X 2packs

Lights Days and Spotting | SRP \$17.99

**Overnight** | 4pcs X 3packs

Heavy & Overnight Flow | SRP \$20.99

# Period Panties

Our period panties use our same specialized engineered nano-membrane to enhance the breathability by 20,000x. The period panties are used to provide added protection for your periods.

Tencil Ivory

Pink Cotton

Hemline Ivory

# Period Panties

## Tencel Ivory | 1 pc

S, M, or L | SRP \$24.99

Tencel Ivory uses fibers that are naturally sourced from eucalyptus trees. It is a useful cellulose ingredient that provides outstanding moisture control.

The eucalyptus provides protection for skin health with its natural anti-bacterial features and is also useful for de-stressing and reducing inflammation as it is a natural sedative.

(95% Tencel, 5% Polyurethane)

# Period Panties

## Pink Cotton | 1 pc

S, M, or L | SRP \$24.99

Pink Cotton provides a cozy and soft feeling. The cotton is hypoallergenic helping prevent allergic reactions and prevents stickiness by chemical fibers.

It maintains its effectiveness through laundry cycles and is suitable for outdoor activities.

(95% Cotton, 5% Polyurethane)

# Period Panties

## Hemline Ivory | 1 pc

S, M, or L | SRP \$25.99

Hemline Ivory is perfect for discreetness and when you are planning on going on a night out.

It does not leave any outlines on leggings to pants compared to other bulk period panties.

(88% Hemline, 12% Polyurethane)

## Feminine Cleansers/Wash

Women's genital areas are extremely sensitive to internal/external environmental changes and stress which allow the growth of bacteria, moreover, the unbalanced pH level can lead to health issues.

Maintaining a balanced pH of the genitals is essential to keeping it healthy. At a balanced level, your vagina contains a balance of necessary bacteria and some yeast cells. A high pH may cause infections as it can allow bacteria and yeast to thrive.

Air Queen's feminine wash helps maintain a balanced healthy pH level to relieve skin irritations and unpleasant odor.

# Feminine Cleanser

All ingredients that was used for the feminine natural wash are registered in the EWG's Skin Deep cosmetic Database.

1 Water	1 Rosemary Extract	1 1,2 - Hexanediol
